Docket No.: 122.1559

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Application of:

Wataru TANAKA, et al.

Serial No. 10/613,025

Group Art Unit: 2613

Confirmation No. 6633

Filed: July 7, 2003

Examiner: Lea Emonds, Lisa S.

For: DISPLAY DEVICE HAVING PANEL DISPLAY UNIT

CORRECTION TO AMENDMENT AFTER ALLOWANCE ACCORDING TO 37 C.F.R. §1.312
FILED JUNE 5, 2006Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

The forgoing amendment requested deletion of a single line appearing at page 5 of the specification, but incorrectly designated that single line to be line 26 when, instead, what was intended was to delete line 36, since duplicating line 37 -- and to retain line 37, which continues over as a single sentence to line 1 on page 6.

The Examiner's Response to Rule 312 Communication in part 1 d) disapproved the change and set forth an explanation that:

"the plate is fixed to the wall section with a screw." can not be deleted from line 26."

However, Applicants respectfully submit that, the Examiner's Response inherently acknowledged that the Examiner understood what Applicants had intended. Further, it is submitted that the requested correction was within the realm of what the Examiner could have done directly by way of an Examiner's Amendment.

In any event, the intended deletion was obviously and clearly understood -- and a brief telephone call to the undersigned could have resolved any uncertainty.

Docket No.: 122.1559

Serial No.: 10/613,025

Accordingly, correction of the Rule 312 Amendment so as to enable entry thereof effective as of the date of filing same, as within the discretion of the Examiner, is respectfully requested.

Respectfully submitted,

STAAS & HALSEY LLP
